#### **1. Provide quality and safe clinical care for consumers**

- Ensure consumers, families/representatives or carers are provided with timely information and are involved in decision making about their care planning and treatment
- Accept accountability for own actions and seek guidance when a situation exceeds experience and/or knowledge
- Uphold and protect consumer rights, maintain strict confidentiality and continually practice to the principles of open disclosure
- Comply with best practice healthcare standards, legislation, and GV Health's Clinical Governance Framework and clinical practice guidelines
- Consumer feedback and complaints are responded to appropriately to ensure that issues are resolved and quality and safe clinical care is provided
- Maintain accurate and current clinical records ensuring documentation meets professional and legal standards
- Promptly report vital consumer observations that are outside the normal range as per clinical guidelines
- Ensure an effective discharge from hospital or services that reflects the needs of the consumer.

## 2. Develop and maintain collaborative relationships with all disciplines

- Collaborate and communicate with all members of the health care team to achieve desired consumer outcomes
- Respect the decisions and actions of others
- Contribute to interdisciplinary team meetings and clinical education sessions to facilitate consumer care goals.

## 3. Support and participate in evidence-based programs to evaluate and improve the quality of consumer care and outcomes

- Maintain current knowledge of clinical practice
- Actively participate in identifying where improvements can be made to the quality of consumer care
- Participate in clinical audits, research, process redesign and accreditation against healthcare standards to ensure ongoing clinical practice improvement and the quality of consumer care.

## 4. Commit to ongoing professional development of self, other employees and the profession

- Maintain and demonstrate regulated clinical skills and competencies by undertaking professional development and completing mandatory training as defined by GV Health
- Undertake credentialing and review of scope of practice and work within these
- Improve performance by seeking feedback, setting goals and participating in annual performance reviews
- Support the development of others by acting as a resource to colleagues and participating in orientation and preceptoring of new employees and supervising students
- Provision of appropriate supervision to less experienced clinical employees
- Participate in committees and professional groups and disseminate relevant information to other health care professionals.

## QUALITY, SAFETY, RISK and IMPROVEMENT

- Maintain an understanding of individual responsibility for consumer safety, quality and risk and adhere to the relevant policies, procedures and guidelines
- Maintain a safe working environment for yourself, your colleagues and members of the public
- Identify, report and manage risks and ensure actions are taken to prevent and minimise harm to consumers and the GV Health workforce
- Contribute to organisational quality and safety initiatives
- Minimise the risk of infection to consumers, residents, employees, visitors, contractors and the general public
- Comply with requirements of the National Safety and Quality Health Service Standards and other relevant standards, regulations and legislative requirements.

## OTHER REQUIREMENTS FOR ALL CLINICAL EMPLOYEES:

- Where relevant collaborate with consumers and the community in the development, implementation and review of health service planning, policies and quality improvement activities
- Demonstrate sensitivity, empathy and respect for the customs, values and spiritual beliefs of others at all times
- Assist with the supervision of students where appropriate
- Understand and act in accordance with the GV Health Code of Conduct, values and relevant policies, procedures and guidelines
- Comply with the principles of Patient and Family Centred Care
