Goulburn Valley (GV) Health is a Regional Public Hospital and Health Service for the Hume Region of Victoria, with main campuses located at Shepparton, Tatura and Rushworth. The main campus in Shepparton is the major acute referral hospital for the sub region. Additional sites are also located in Shepparton, Seymour, Benalla and Wodonga. GV Health provides a range of acute, subacute, mental health, aged, primary health and community services across the Goulburn Sub-Region within the Hume Region.

The *Goulburn Valley Health Strategic Plan 2024-26* provides the direction for GV Health with key elements summarised below.

OUR PURPOSE

Improving community wellbeing through high quality health services, outstanding care and learning.

OUR VALUES AND BEHAVIOURS

Our culture is made up of our CREATE values and behaviours, through which we commit to delivering ongoing quality healthcare for our community. Our CREATE values and behaviours are the foundations for our strategic pillars, and for achieving our goals.

Compassion

- We treat others with kindness and respect;
- Our deep connection to the community enhances our care for patients;
- We support the whole patient journey;
- We are understanding of each other.

Respect

- We respect the patient’s voice and their choices;
- We celebrate diversity and are proud of multiculturalism;
- We respect differences of opinions;
- We respect the input of different disciplines and areas of expertise.

Excellence

- We are encouraged to grow professionally and personally;
- We are leaders in what we do;
- We invite feedback and are always striving to do better;
- We connect patients to further care and information.

Accountability

- We are responsible for our actions;
- We are courageous in our decision making and grow from our mistakes;
- We deliver what we promise;
- We don’t compromise on our standards.

Teamwork

- We are a multi-skilled workforce and we pool our resources together;
- We mentor and support one another;
- We take a collaborative approach to care;
- We are approachable.

Ethical behaviour

- We hold ourselves to high standards;
- We rigorously uphold professional boundaries in our regional setting where patients may be friends or family too;
- We value and respect our patient’s privacy and trust;
- We stand up against unsafe practice.

CREATE Outstanding

CREATE Outstanding encompasses foundation elements of the *Goulburn Valley Health Strategic Plan 2019-23* to link GV Health’s purpose, values and our Culture of Care with fundamental organisational systems and

processes. GV Health is striving to achieve CREATE Outstanding in every interaction with the people services are provided for as well as how staff work with each other.

ROLE STATEMENT:

The Diabetes Educator RN reports directly to the Manager, within the Diabetes Centre team.

The Diabetes Centre forms an integral part of primary, secondary and tertiary Diabetes Education and health care services and is the entry point into the health care system. Services are provided across multiple settings, ie. inpatient, outpatient and dialysis unit.

The Diabetes Educator (DE) Registered Nurse (RN) position reports directly to the Diabetes Centre Manager which aims to maintain, improve and promote the optimal health and wellbeing of people diagnosed with Diabetes Mellitus and have complications of diabetes.

The DE-RN acts as an advocate for people with diabetes and is grounded in the principles and practices of a client centred approach to the provision of diabetes self-management education. This position provides for the education and support to the clients and their families by providing assessment, support, education, stabilization, supportive counseling, appropriate referrals and documentation.

KEY RESPONSIBILITIES, ACTIVITIES AND DUTIES:

- Work within the Australian Diabetes Educator Association (ADEA) Scope of Practice, Standards of Practice, and Standards of Professional performance for Credentialed Diabetes Educator.
- A strong back ground in chronic disease management and patient assessment
- Collaborate with other disciplines to assist with holistic client management where required.
- Experience in working with patients of multicultural and indigenous backgrounds.
- Competence in pharmacology of diabetes medications including, problem solving and guidance.
- Provide education and expertise to other health care professionals regarding diabetes management.
- Perform program audits and make system changes for ongoing quality improvement measures.
- Provide a high-quality service to internal customers and consumers that reflects best practice and adds value to GV Health
- Assist the organisation in achieving clinical effectiveness by providing the appropriate systems, information or services to clinical areas

1. Provide quality and safe clinical care for consumers

- Ensure consumers, families/representatives or carers are provided with timely information and are involved in decision making about their care planning and treatment
- Accept accountability for own actions and seek guidance when a situation exceeds experience and/or knowledge
- Uphold and protect consumer rights, maintain strict confidentiality and continually practice to the principles of open disclosure
- Comply with best practice healthcare standards, legislation, and GV Health's Clinical Governance Framework and clinical practice guidelines
- Consumer feedback and complaints are responded to appropriately to ensure that issues are resolved and quality and safe clinical care is provided
- Maintain accurate and current clinical records ensuring documentation meets professional and legal standards
- Promptly report vital consumer observations that are outside the normal range as per clinical guidelines
- Ensure an effective discharge from hospital or services that reflects the needs of the consumer.

2. Develop and maintain collaborative relationships with all disciplines

- Collaborate and communicate with all members of the health care team to achieve desired consumer outcomes
- Respect the decisions and actions of others
- Contribute to interdisciplinary team meetings and clinical education sessions to facilitate consumer care goals.

3. Support and participate in evidence-based programs to evaluate and improve the quality of consumer care and outcomes

- Maintain current knowledge of clinical practice
- Actively participate in identifying where improvements can be made to the quality of consumer care
- Participate in clinical audits, research, process redesign and accreditation against healthcare standards to ensure ongoing clinical practice improvement and the quality of consumer care.

4. Commit to ongoing professional development of self, other employees and the profession

- Maintain and demonstrate regulated clinical skills and competencies by undertaking professional development and completing mandatory training as defined by GV Health
- Undertake credentialing and review of scope of practice and work within these
- Improve performance by seeking feedback, setting goals and participating in annual performance reviews
- Support the development of others by acting as a resource to colleagues and participating in orientation and precepting of new employees and supervising students
- Provision of appropriate supervision to less experienced clinical employees
- Participate in committees and professional groups and disseminate relevant information to other health care professionals.

QUALITY, SAFETY, RISK and IMPROVEMENT

- Maintain an understanding of individual responsibility for consumer safety, quality and risk and adhere to the relevant policies, procedures and guidelines
- Maintain a safe working environment for yourself, your colleagues and members of the public
- Identify, report and manage risks and ensure actions are taken to prevent and minimise harm to consumers and the GV Health workforce
- Contribute to organisational quality and safety initiatives
- Minimise the risk of infection to consumers, residents, employees, visitors, contractors and the general public
- Comply with requirements of the National Safety and Quality Health Service Standards and other relevant standards, regulations and legislative requirements.

OTHER REQUIREMENTS FOR ALL CLINICAL EMPLOYEES:

- Where relevant collaborate with consumers and the community in the development, implementation and review of health service planning, policies and quality improvement activities
- Demonstrate sensitivity, empathy and respect for the customs, values and spiritual beliefs of others at all times
- Assist with the supervision of students where appropriate
- Understand and act in accordance with the GV Health Code of Conduct, values and relevant policies, procedures and guidelines
- Comply with the principles of Patient and Family Centred Care
- Promote GV Health as a quality regional health care provider

KEY PERFORMANCE INDICATORS:

GV Health

- Undergone and pursuing qualifications in Diabetes Education
- Member of the Australian Diabetes Educators Association (ADEA)
- Registration is maintained and working within scope of practice
- Attendance and active participation at meetings as required
- 100% compliance with core competencies and training requirements as outlined in the GV Health Education Framework
- Active participation in the Performance and Development review process

Other Position Requirements

Statements included in this position description are intended to reflect in general the duties and responsibilities of the position. It is not intended to be an exhaustive list of responsibilities, duties and skills required.

GV Health may alter the duties of this position description if and when the need arises. Any such changes will be made in consultation with the affected employee(s).

KEY SELECTION CRITERIA:

Mandatory

- Commitment to the GV Health Values of *Compassion, Respect, Excellence, Accountability, Teamwork and Ethical Behaviour*.
- Current registration with the Australian Health Practitioner Regulation Agency (APHRA) as a Registered Nurse
- Excellent communication skills, ability to independently manage a diverse caseload of clients, and work effectively within a multidisciplinary team environment.
- Evidence of full immunisation against Influenza
- Satisfactory National Criminal History Check prior to commencement of employment
- Satisfactory Victorian 'Employee' Working with Children Check prior to commencement of employment
- Completion of a Commonwealth of Australia Statutory Declaration prior to commencement of employment.

Desirable

- Knowledge and Understanding of current approaches to chronic illness self-management, current service models for the delivery of proactive management and education for people with diabetes
- Demonstrated ability to work collaboratively with a wide range of service providers and other stakeholders.

Inherent Requirements

GV Health has a duty of care to all employees. The purpose of this section is to ensure that you fully understand and are able to perform the inherent requirements of the role (with reasonable adjustments if required) and that you are not placed in an environment or given tasks that would result in risks to your safety or the safety of others.

The role may require the following tasks among other things:
