

# Introduction to Research ECHO

FREE  
EDUCATION

Introduction to Research is a program for health professionals who want to make an impact through research. Led by Dr Ryan McGrath and facilitated by the GV Health Allied Health Education and Research Unit, the program is designed to support health professionals in developing research skills, from designing studies through to publishing.

#### Using real-time, interactive video, providers:

- Learn new approaches and skills
- Participate in-depth clinical case consultation
- Receive feedback and recommendations

#### What is Project ECHO®?

Extension of Community Healthcare Organisations (ECHO) is an "all teach, all learn" approach to knowledge sharing in rural and underserved communities, moving knowledge rather than people to achieve better health outcomes.

<b>WHEN:</b>	Online sessions held on Wednesdays: 12pm-1pm via zoom
